THE AMERICAN SOCIETY OF LIMNOLOGY AND OCEANOGRAPHY

AMERICAN SOCIETY OF LIMNOLOGY AND OCEANOGRAPHY

Officers and Board of Directors

President: D. C. CHANDLER, University of Michigan
Vice-President: D. E. LEIPPER, Texas A & M
Secretary-Treasurer: B. H. KETCHUM, Woods Hole Oceanographic Institution
Past President: A. C. REDFIELD, Woods Hole Oceanographic Institution
President of the Pacific Section: G. L. PICKARD, University of British Columbia
Secretary-Treasurer of the Pacific Section: M. RATTRAY, JR., University of Washington
Members-at-Large: J. L. HART, Fisheries Research Board of Canada
H. W. GRAHAM, Fish & Wildlife Service, Woods Hole, Mass.
J. R. VALLENTYNE, Queen's University

LIMNOLOGY AND OCEANOGRAPHY

LIMNOLOGY AND OCEANOGRAPHY is a journal published quarterly (Jan., April, July, Oct.) at Baltimore, Md., by the American Society of Limnology and Oceanography.

Editor

D. G. FREY
Indiana University

Editorial Board

W. T. EDMONDSON, University of Washington
K. O. EMERY, University of Southern California
H. H. HASKIN, Rutgers University
A. D. HASLER, University of Wisconsin
G. E. HUTCHINSON, Yale University
D. W. PRITCHARD, Chesapeake Bay Institute
D. S. RAWSON, University of Saskatchewan
F. A. RICHARDS, Woods Hole Oceanographic Institution
J. H. RYTHER, Woods Hole Oceanographic Institution

The subscription rate to LIMNOLOGY AND OCEANOGRAPHY for libraries and non-members is ten dollars ($10.00) per year. Subscriptions are payable to the Secretary-Treasurer, B. H. Ketchum, Woods Hole, Mass.

Membership in the Society is open to persons actively interested in any aspect of limnology or oceanography. Candidates for membership shall be nominated by two active members of the Society. The annual dues of the Society are seven dollars and fifty cents ($7.50), $5.00 of which is for a subscription to LIMNOLOGY AND OCEANOGRAPHY. Nomination blanks and further information pertaining to the Society can be obtained from the Secretary-Treasurer.

Remittances from countries other than the United States must be paid in U. S. currency or its full equivalent.

Publication Office: Waverly Press, Inc., Mount Royal and Guilford Avenues, Baltimore 2, Maryland

Business Office: Dr. B. H. Ketchum, Woods Hole Oceanographic Institution, Woods Hole, Massachusetts

Editorial Office: Dr. D. G. Frey, Department of Zoology, Indiana University, Bloomington, Indiana

TABLE OF CONTENTS

Volume 1, 1956

Number 1, January

Redfield, A. C. Announcement 1
Pratt, D. M., and D. A. Campbell. Environmental factors affecting growth in *Venus mercenaria* 2
Rawson, D. S. Algal indicators of trophic lake types 18
Ayers, J. C. Population dynamics of the marine clam, *Mya arenaria* 26
Emery, K. O. Deep standing internal waves in California basins 35
Bryson, R. A., and W. W. Bunge, Jr. The stress-drop jet in Lake Mendota 42
Edmondson, W. T., G. C. Anderson, and D. R. Peterson. Artificial eutrophication of Lake Washington 47
Pomeroy, L. R., H. H. Haskin, and R. A. Ragotzkie. Observations on dinoflagellate blooms 54
Ryther, J. H. Photosynthesis in the ocean as a function of light intensity 61

Number 2, April

Frey, D. G. Symposium on primary production: preface 71
Ryther, J. H. The measurement of primary production 72
Verduin, Jacob. Primary production in lakes 85
Penfound, W. T. Primary production of vascular aquatic plants 92
Odum, H. T. Primary production in flowing waters 102
Ravera, Oscar, and Vittorio Tonolli. Body size and number of eggs in diaptomids, as related to water renewal in mountain lakes 118
Rice, T. R. The accumulation and exchange of strontium by marine planktonic algae. 123

Number 3, July

Ohle, Waldemar. Bioactivity, production, and energy utilization of lakes 139
Ayers, J. C. A dynamic height method for the determination of currents in deep lakes 150
Hayne, D. W., and R. C. Ball. Benthic productivity as influenced by fish predation. 162
John, K. R., and A. D. Hasler. Observations on some factors affecting the hatching of eggs and the survival of young shallow-water cisco, *Leucichthys artedi* LeSueur, in Lake Mendota, Wisconsin 176
Saila, S. B. Estimates of the minimum size-limit for maximum yield and production of chain pickerel, *Esox niger* LeSueur, in Rhode Island 195
Burkholder, P. R., and Lillian M. Burkholder. Vitamin B_{12} in suspended solids and marsh muds collected along the coast of Georgia 202
Slobodkin, L. B., and Sumner Richman. The effect of removal of fixed percentages of the newborn on size and variability in populations of *Daphnia pulicaria* (Forbes) 209

Number 4, October

Friedman, Irving, D. R. Norton, D. B. Carter, and A. C. Redfield. The deuterium balance of Lake Maracaibo 239
Saur, J. F. T., and E. R. Anderson. The heat budget of a body of water of varying volume 247
Vallentyne, J. R. Epiphasic carotenoids in post-glacial lake sediments 252
Richards, F. A., and Nathaniel Corwin. Some oceanographic applications of recent determinations of the solubility of oxygen in sea water 263
Yentsch, C. S., and A. C. Duxbury. Some of the factors affecting the calibration number of the Clarke-Bumpus quantitative plankton sampler 268
Wieser, Wolfgang. Factors influencing the choice of substratum in *Cumella vulgaris* Hart (Crustacea, Cumacea) 274
Yount, J. L. Factors that control species numbers in Silver Springs, Florida 286
Zicker, E. L., K. C. Berger, and A. D. Hasler. Phosphorus release from lake muds. 296
Hartman, Olga, and K. O. Emery. Bathypelagic coelenterates 304
Index to Volume 1 313
